

Live Longer, Protect Better With SENTRON*

Choose the grade of SENTRON natural gas engine oil that best meets your particular engines' and plant operating conditions. The SENTRON line of products provides extended oil life and excellent control of engine deposits and wear in most applications.

Low Ash

SENTRON LD 5000 Provides Revolutionary Performance for up to 200% or longer drain interval extension and exceptional overall engine protection for more reliability and savings.

SENTRON LD 5000 15W-40 A multigrade extension of the SENTRON LD 5000 line, formulated as a synthetic blend to extend drains by up to 200% or longer across a wide temperature range. The additive and base oil technology used has been demonstrated in more than 28 million hours of field service.

SENTRON 470 Formulated for enhanced engine performance and protection under severe conditions.

SENTRON 445 Provides excellent protection and performance in most operating conditions.

SENTRON FLEET 10W-40 A formulation specially designed to meet the demands of natural gas engines (stationary and mobile) – including those converted to natural gas – for exceptional piston cleanliness through all seasons. Conforms to Cummins CES 20074.

SENTRON FLEET 0W-30 Formulation specially designed as an all-season solution for small to mid-sized engines that are subjected to severe winter conditions.

SENTRON MG-440 Improves cold weather starts with minimal seasonal change-outs.

Ashless

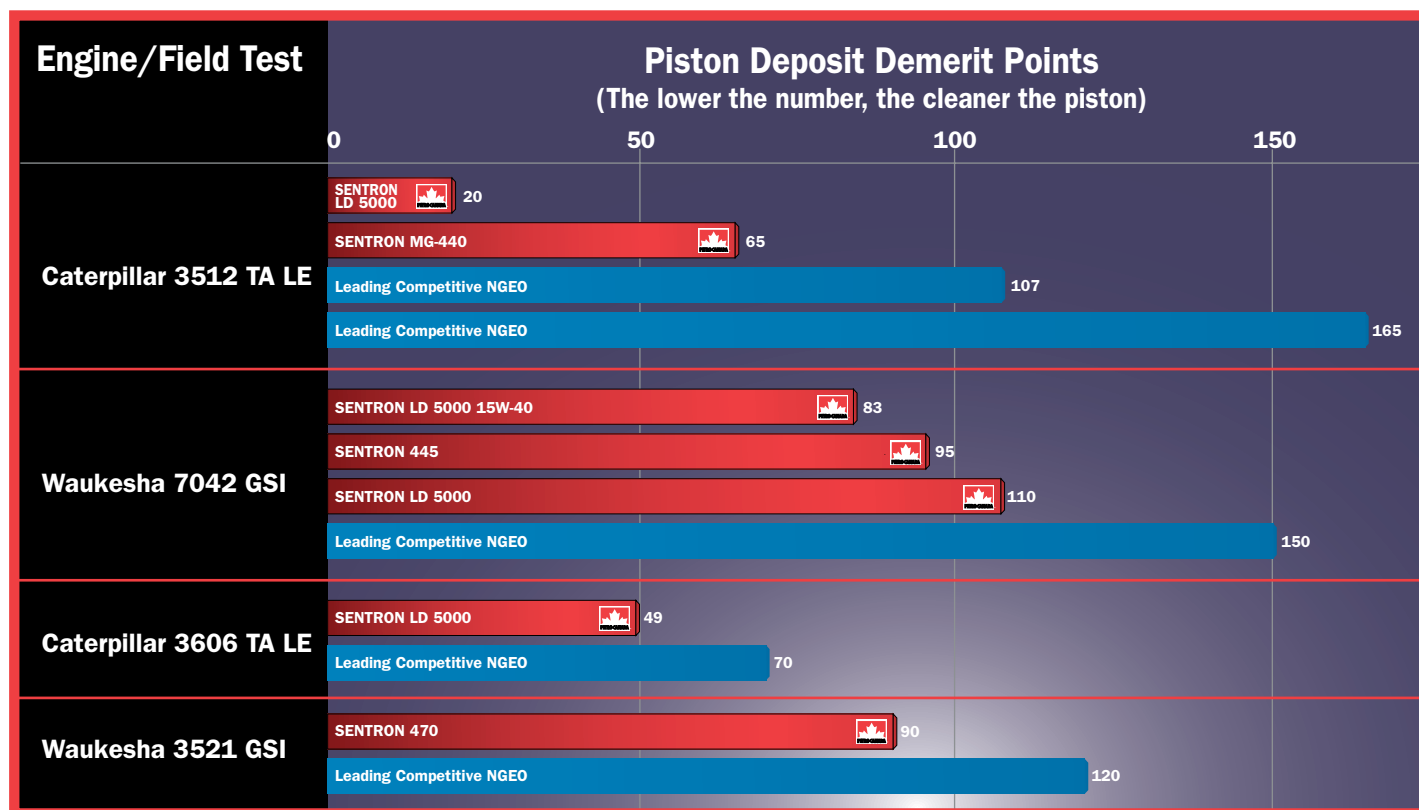

SENTRON 541C SAE 40 Recommended for performance in 2-stroke cycle engines.

Medium Ash

SENTRON CG-40 Specially formulated for performance in 4-stroke cycle engines running under severe conditions including co-generation operations.

SENTRON 840 Recommended for operation in high performance 4-stroke cycle gas engines.

SENTRON can deliver significantly longer overhaul life.

Prove it to yourself.

Extensive field testing has demonstrated that SENTRON significantly improves performance in natural gas engines. Prove it to yourself. Switch to SENTRON so you can see for yourself the performance benefits that result. We're confident you'll discover how much better SENTRON performs compared to leading competitive products.

Beyond today's standards.*

See how SENTRON has improved our customers' performance.

"They're good for their willingness to customize a product or adjust a product for specific applications. If it's not working in a particular application that well, they'll do what they have to do to find out why and then they'll (recommend a product to) fix it."

(OEM, Calgary, Alberta)

"We've been using SENTRON CG-40 for about two years now. It has about 50 percent longer lifetime. This provides significant benefits to our maintenance program."

(4th Largest Electrical Power Selling Company in Sweden)
